

# Christina Aguilera, Genio Atrapado (English)

come on, come on  
oh, ooh, ohh...  
come on, come on  
a century I've been in solitude  
trapped wanting to escape  
dreaming that someone, releases me  
you blow me a kiss  
i want to love you  
but there's a price you'll have to pay  
for me to give myself away (for me to give myself away)  
oh oh oh oh oh (my body says i want to)  
oh oh oh oh oh (but my soul is afraid)  
chorus  
if you want me next to you  
rub right and you will see  
like a released genie  
i will make your dreams reality  
if you want me next to you  
to win my heart  
three wishes i will grant you (oh yeah)  
if you swear your love to me  
like a trapped genie i wait  
to be free with your sincere love  
like a trapped genie i wait  
come, come, to remove me from here  
dancing the passion dominates us  
our impulses out of control  
it's so difficult to contain ourselves  
you think today it might happen  
but i know that nothing will happen  
you have to love me (you have to love me)  
oh oh oh oh oh (my body says i want to)  
oh oh oh oh oh (but my soul is afraid)  
chorus  
like a trapped genie i wait  
to be free with your sincere love  
like a trapped genie i wait  
come, come, to remove me from here  
like a trapped genie i wait  
to be free with your sincere love  
(if you want me next to you)  
like a trapped genie i wait  
come, come, to remove me from here  
if you want me next to you  
rub my lamp right  
like a released genie  
(i'm a trapped genie)  
i will make your dreams reality  
if you want me next to you (ooh)  
to win my heart  
three wishes i will grant you  
if you swear your love to me  
(if you swear your love to me)  
if you want me next to you  
(if you want me next to you)  
rub right and you will see  
like a released genie  
(ohhh, yeah ohh, love)  
i will make your dreams reality  
if you want me next to you  
(trapped baby)  
to win my heart  
three wishes i will grant you  
if you swear your love to me

like a trapped genie i wait  
come, come, to remove me from here
