

Christina Aguilera, I Feel Your Pain

when i think of you i need you...
when i dream of you at night i just hold my head up high..
when i see you in the stars and i sit with you at night
i will hold you in my arms and never let go

chorus:

you and i forever
forever in mane
forever in the sky even in the rain
we will last forever
i will not forget, i feel your pain
when you come to my house
and we talk and talk and talk
i will cherish every word
when we walk at night in the park
i will always mark
every spot you stepped on

chorus:

you and i forever
forever in mane
forever in the sky and even in the rain
we will last forever
i will not forget, i feel your pain
remember..... i feel your pain.
