

# Christina Grimmie, Advice

Don't look down  
Cause it's easier falling from force  
Just letting it take nature's course  
And picking it up when it's over

Don't be afraid  
Cause the chances are there for the take  
But treasure the choices you make  
And know when you must take it slower

You may think you've had it rough  
And try to give it up  
But when you think you're stuck  
Just go another way

Don't let go of good times  
And let the bad ones know you feel fine  
And wear your heart out on your sleeve  
Cause love is all  
Love is all you need

Don't be rushed  
Cause hurrying causes mistakes  
And make sure to give more than take  
Cause sharing yourself brings you closer

You may think you've had it rough  
And try to give it up  
But when you think you're stuck  
Just go another way

Don't let go of good times  
And let the bad ones know you feel fine  
And wear your heart out on your sleeve  
Cause love is all you need  
Feel with all your senses  
Make sure to let down your defenses  
There's just one way to make a scene  
Love is all  
Love is all you need

ooh ooh ooh ooh  
ohh ohh oh

Take a chance now  
Cause its easy  
Take a chance now for you and me

Take a chance now  
You can reach it  
Take a chance for me

Don't let go of good times  
And let the bad ones know you feel fine  
And wear your heart out on your sleeve  
Love is all you need  
Feel with all your senses  
Make sure to let down your defenses  
There's just one way to make a scene  
Love is all  
Love is all you need

Oh its all you need  
Love is all

Love is all  
Love is all you need
