

# Christina Grimmie, Must Be Love

I was sitting at the mall with my friends on a Monday  
Saying I was gonna leave this town  
This town, run away  
But then you walked in and I think my heart don't skip a beat  
One look and everything just froze  
Like a rock rolling down a hill  
Like a car with no one at the wheel  
Take me to a doctor cause I'm shaking  
I need water tell me do they have a pill  
I'm feeling ill

It must be love, it must be love  
It must be love, it must be love  
It must be love  
It's in my heart, it's in my body  
It must be love

I'm working not to say this and mind my own business  
Ain't looking for trouble, got no man as part of my wishlist  
But now you're in my head  
Get outta there get here instead  
One smile and everything just froze  
Like a rock rolling down a hill  
Like a car with no one at the wheel  
Take me to a doctor cause I'm shaking  
I need water tell me do they have a pill  
I'm feeling ill

It must be love, it must be love  
It must be love, it must be love  
It must be love  
It's in my heart, it's in my body  
It must be love

Doctor beat my chest  
Get out of my bones  
Not baby for this  
What's fun on my own  
Clashes in my head and there must be something wrong  
I don't know what you did  
But I can't leave you alone

It must be love, it must be love

It must be love, it must be love  
It must be love, it must be love  
It must be love, it must be love  
It's in my heart, it's in my body  
It must be love
