

Christina Milian, Look At Me

du du du du du du du
ooh

tell me who do you think you see
your standing in your corner
looking out, on me
you think im so predictable
tell me who do you think i am
looks can be deceiving
better guess, again
tell me what you see
when you look at me

your probably thinking that i want those things
cash, cars diamond rings
thinking on my side the grass is green
but you dont know where i have been
i could be a wolf in diguise
i could be an angel in your eyes
never judge a book by its cover

i could be a crook or your lover
i could be the one or the other
if you look beneath you'll discover
you just dont know me

tell me who do you think you see
your standing in your corner
looking out, on me
you think im so predictable
telll me who do you think i am
looks can be deceiving
better guess, again
tell me what you see
when you look at me

du du du du du du du
ooh

you look at your neighbour
thinking what a guy
cuz hes gotta 9 to 5
and i bet that you dont realise
he stalks you while you sleep at night
yet your scared of the homeless guy
thinkin hes gonna wanna start a fight
never judge a book by its cover

i could be a crook or your lover
i could be the one or the other
if you look beneath you'll discover
you just dont know me

tell me who do you think you see
your standing in your corner
looking out, on me
you think im so predictable
telll me who do you think i am
looks can be deceiving
better guess, again
tell me what you see
when you look at me x2

du du du du du du du

ooh ooh

now tell me
who do you think i am
huh
you dont even know me
now tell me
what did you about this

i could be a crook or your lover
i could be the one or the other
if you look beneath you'll discover
you just dont know me

tell me who do you think you see
your standing in your corner
looking out, on me
you think im so predictable
tell me who do you think i am
looks can be deceiving
better guess, again
tell me what you see
when you look at me x2
