

Christina Milian, Supa Bad Chick

[Chorus:]

You never met a girl like me
I ain't gonna sweat other places you be
Who you run with who you having fun with
That's how it is when you got a down little chick
On ya team.

You never met a girl like me
I ain't gonna sweat other places you be
Who you run with who you having fun with
That's how it is when you got a down little chick
On ya team.

[Rap: ~Jermaine Dupri~]

You ain't never gotta worry about me shakin' the spot or even think about
Another chick takin' ya spot. I love it when you come around shuttin' shot
Down. Lookin' good statin' my SUV.

You know how long I been waitin' for someone with they mind right. Find they
Like to kick it with this homey in the limelight. Don't play uh uh keep a *****
Havin' fun. All she ever think about is me.

Christina I ain't never seen nobody do it like you. That's why I'm out here
Tryin' to give the whole world to you. No matter what it is I gotta get it.
Hers and his cause baby you're the girl of my dreams.

At first I didn't understand what I was dealin' with. A real really fly
Relationship I was killin' it but now I never felt nothin' like I'm feelin'
This. And all I ever talk about is getting' that ring.

[Chorus: (4x)]

You never met a girl like me
I ain't gonna sweat other places you be
Who you run with who you having fun with
That's how it is when you got a down little chick
On ya team.

You never met a girl like me
I ain't gonna sweat other places you be
Who you run with who you having fun with
That's how it is when you got a down little chick
On ya team.

You never met a girl like me
I ain't gonna sweat other places you be
Who you run with who you having fun with
That's how it is when you got a down little chick
On ya team.

You never met a girl like me
I ain't gonna sweat other places you be
Who you run with who you having fun with
That's how it is when you got a down little chick
On ya team.
