

Christina Milian, Thank You

Once upon a time
I walked an easy road
I didn't think I needed anyone
I could make it on my own
I never thought about tomorrow
Just living day to day
I never thought these clouds would come along
And bring me so much pain
When my world was upside down
I didn't think that I could make it
I reached out my hand for you
And you were there to take it
I wanna thank you for being my strength
When I thought I couldn't go on
And I wanna thank you for showing me right
When my heart was leading me wrong
For all of the times I was lost and my soul was blind
I didn't know what to do
Somehow you pulled me through
And I wanna thank you, you
When I was down and feeling low
Looked up and you were there
Somehow you knew and found me
You were the answer to my prayers
You shined a light when it was dark
And opened up my eyes
You led the way when I was lost
And you help me realize
I will never walk alone
'Cause you'll be by my side
I don't know what I'd ever do
Without you in my life

I wanna thank you for being my strength
When I thought I couldn't go on
And I wanna thank you for showing me right
When my heart was leading me wrong
For all of the times I was lost and my soul was blind
I didn't know what to do
Somehow you pulled me through
And I wanna thank you
With every step I take
You show me there's a way
And in your hands, my heart will never go astray
So each and every day
I wanna thank you for being my strength
When I thought I couldn't go on
And I wanna thank you for showing me right
When my heart was leading me wrong
For all of the times I was lost and my soul was blind
I didn't know what to do
Somehow you pulled me through
And I wanna thank you
I wanna thank you
Thank you for the love you gave me
And every time you were there to save me
Thank you for being right by my side
I wanna thank you
When I thought that I couldn't make it
Reached out my hand, you were there to take it
Thank you for being here in my life
I wanna thank you for being my strength
When I thought I couldn't go on
