

Christine McVie, The Smile I Live For

Written by Christine McVie.

It took a lifetime to find you
And now I want you to stay
Oh, I don't mind you can do anything
You can love me night and day

When you are there
Just to know you care
Brightens up a starless night
Your smile is all that I
That I live for
And I don't know
What I did before

Chorus:
Your smile
Your smile
Makes it all worthwhile
Then you changed it around
Don't let your little baby down
You were the only one
Thought I had you on the run
But now I guess it's me
Begging you- begging you

Verse 2

Chorus
