

Christine & The Queens, Lick the light out (feat. M

Descend a bit lower
Lower
Hm, and meet me there

Descend a bit faster
Faster
Oh, and fall a bit harder for me

There's nothing you can't do with me
you cannot be too deep with me
There's nothing you can't do with me

Prevent me from falling

By jumping in the skies above,
High, love
I'll catch you

Oh why is the wind
When it blows
In my mind
Purging me from the sight of your glorious face

There's nothing you can't do with me, oh I'm honest
The burden on your chest, those feelings are golden
There's nothing you can do with me to be scared of
I take the blood I take the tears I take all of
the things that unfold in my arms when you're hurting
And you don't know who else to turn to for the talking
Baby you can talk with me always
Baby you can talk with me always

BIG EYE : Where do you think I stand ?
I stand in your heart
just next to your lungs
you smoke too much
do you want to chase me away ?
I am dwelling in your sorry
broken
crazy
raging
heart
don't deny
it's useless
I'm here
breathing through your mouth
seeing with your heart
loving through your flesh

If an angel in power
decided just to see me
could I get that much higher ?
See me
Hear me
Feel me
If an angel in silence
decided just to free me
could I get that sweet power ?
See me
Hear me
Feel me

See me
Hear me

Feel me

I'm an angel in power
I decided to see you
As a human, a flower
I see you
I hear you
I feel you

I see you
I hear you
I feel you

Give me your heart my darling, as it breaks, my baby
I see the cracks my darling, I'll lick the light out
Give me your heart my darling, as it breaks, my baby
I see the cracks my darling, I'll lick the light out
