

# Christopher Blue, Good Time Baby

She looked at me like she knew me  
Like I'd been around a real long time  
She knew that when she first saw me  
That I'd be down any old time  
She said there's no tomorrow  
I'm right here now is the time  
I might as well do it, what have I got to lose?  
Going for a ride with you sounds beautiful  
Oh baby, let me in  
Oh baby, let me in  
She let me in and she showed me that things  
Ain't what they're supposed they're to be  
What's that got to do with you and me  
And right now and what we're trying to do here  
And she laid her body out  
I could see she's not the one for me  
Ain't that just the way it goes?  
You find everything that you want  
And something just ain't right  
Sorry that I'm leaving  
But I'm really not feeling your good time baby  
A bad time maybe, a hard time coming  
Got me running, running  
Oh baby, let me out  
Yeah  
Oh baby, let me out
