

Christopher S, Tear Down The Club (feat. Tommy

Stop Chris, why won't you just play for us?
Please

I wanna dance, wanna dance to my favorite song
Come clip my hands, clip my hands, baby all night long
You're settle down tonight till the morning light
We're gonna set the club on fire
Come here say
Oh, yeah baby we're gonna tear down the club tonight
Yeah now everybody say
Ye yo go out tonight and tear down the club tonight
Yeah, we're gonna tear down the club
we're gonna tear down the club
I wanna hear you say
Hey-yo we're gonna tear down the club
Now everybody say hey-yo let's tear down the club

I need a drink, need a drink, fuck the paper cup
I wanna cheer, cheer, the glasses up
DJ let's move this crowd until the sun comes up
We're gonna set the club on fire

Yeah, we're getting boning fire
Burning on the dance floor
We're gonna break it like the stuff we care for
Don't bring the roof down baby
It's time for getting crazy
All night

I wanna hear you say hey-yo
Baby we're gonna tear down the club tonight
Yeah, now everybody say
Hey-yeah let's go out and tear down the club tonight
I wanna hear you say
Hey-you
Baby we're gonna tear down the club tonight
Yeah, now everybody say
Hey-yeah let's go out and tear down the club

Hey-yo we're gonna tear down the club

I wanna hear you say hey-yo
Baby we're gonna tear down the club tonight
Yeah, now everybody say
Hey-yeah let's go out and tear down the club tonight
let's tear down the club
