

# Christy Carlson Romano, Running Away

I see it happening I don't want it to  
A minor set back and your flipping out stepping back  
To me your everything but you got me confused  
One minute you want me the next you don't  
Don't you dare walk out on me  
Hear me through  
The one thing I'm sure of is I wanna be with you

And I don't wanna say goodbye  
We owe it to our selves to give it a try  
And why when I need you to stay  
So we can work it out  
Your running away

And when you say baby I need you I cant be without you  
Then I drop my defenses and I'm fallen in fallen back  
Don't you take this for granted  
I'm here now and I love you to death  
Cant you see I'm reaching out

And I don't wanna say goodbye  
We owe it to our selves to give it a try  
Why when I need you to stay  
So we can work it out  
Your running away

Let me in  
Don't be scared  
I know you feel  
The way I do  
And I don't wanna say goodbye  
We owe it to our selves to try  
Wont you tell me why oh why  
Your running away  
Oh baby

And I don't wanna say goodbye  
We owe it to our selves to give it a try  
Why when I need you to stay  
So we can work it out  
Your running away  
And I don't wanna say goodbye  
We owe it to our selves to give it a try  
Why when I need you to stay  
So we can work it out  
Your running away

I don't wanna  
I don't wanna  
I don't wanna say goodbye  
Ooo-ooo
