

# Christy Nockels, Life Light Up

With You I can go anywhere, I can do anything  
'Cause You are the song I bring  
With You I can go anywhere, I can do anything  
'Cause You are the song I bring  
And with You, You are the air I breathe  
'Cause You are my everything and I am an offering  
I may live and I may die either way You're glorified  
Bless the day I give my life away  
So let my life light up like the city lights  
And let it burn for You in the darkest night, Lord  
Let my life light up like the city lights  
Let it burn for You in the darkest night  
And in You I can begin again, I'm part of a bigger plan  
'Cause You are the Great I Am  
And in You, Your life is in my veins  
And You've broken all my chains  
'Cause You are the God who reigns  
I may live and I may die either way You're glorified  
Bless the day I give my life away

So let my life light up like the city lights  
And let it burn for You in the darkest night, Lord  
Let my life light up like the city lights  
Let it burn for You in the darkest night  
My light will shine on earth  
And my Father will be praised  
My light will shine on earth  
And my Father will be praised  
Let my life light up like the city lights  
Let it burn for You in the darkest night  
Let my life light up like the city lights  
Let it burn for You in the darkest night, Lord  
Let my life light up like the city lights  
Let it burn for You in the darkest night  
My light will shine on earth  
I pray for You, Lord
