

Chuck Berry, Welcome Back Pretty Baby

Hello, pretty baby
How did your vacation go ?
You know I long to be with you
Because I really missed you so
You must have many things to tell me
But only one I yearn to know

Shall we dance, pretty baby
And does your love for me remain ?
It's been a long hot summer
With no one to entertain
Ah, it's really boss to hold your hand, baby
Dance and talk with you again

Bye, bye for now
But I shall call you on the phone
I want to tell you how boss it was
To have been your chaperone
And if you choose me for your steady
Darling, you'll never walk alone
