

Chynna Phillips, Life Ain't No Dress Rehearsal

It's a one time shot
And there are no retakes
So let's make it happen

Life ain't no dress rehearsal
no life ain't no dress rehearsal

I was always ahead of you
This dream has opened it's eyes
And this is the moment to follow through
So let's turn it up all the way
Don't save it up another day

Don't you feel something happening here
And it can't be denied
And for once it's all crystal clear
That ya make it up as you go
Give it up and never know

You were always the one for me
I knew you were
Oh I knew you were
I was always the one for you
You knew I was
So let's get down to what we want 'cause

Life ain't no dress rehearsal
no life ain't no dress rehearsal
Life ain't no dress rehearsal
no life ain't no dress rehearsal

What do you see when you read my mind
I bet your not so surprised
Take this picture you'll never find
Another time, another place
this energy will go to waste

You were always the one for me
I knew you were
Oh I knew you were
I was always the one for you
You knew I was
So let's get down to what we want 'cause

Life ain't no dress rehearsal
no life ain't no dress rehearsal
no life ain't no dress rehearsal

No dress rehearsal

No dress rehearsal

You're doing pretty good so far

Life ain't no dress rehearsal
No life ain't no dress rehearsal
No life ain't no dress rehearsal
Stay ahead, there's no reversal

Life ain't no dress rehearsal
No life ain't no dress rehearsal
Life ain't no dress rehearsal
No life ain't no dress rehearsal

No dress rehearsal

No dress rehearsal

Life ain't no dress rehearsal

No life ain't no dress rehearsal

Life ain't no dress rehearsal

No life ain't no dress rehearsal
