

# Ciara, Fit Of Love

I was colder then December  
Never thought that you would enter my life that day  
Love so gentle and so tender, and  
I really don't remember feeling this way  
I owe it all to you  
I feel so blue, like I can't loose  
And everbody knows, cause it just shows  
I wear a glow, I like the fit of love  
Up here with you is where I wanna be  
And I'm not coming down,  
I like how your love just fits on me  
Like it's gently wrapped around  
I'm covered from my head to my feet  
With everything it does, it stays on me because  
I like the fit of love  
Your the reason and the meaning for new things I believe in  
You make me smile, yeah, ya-yeah-yeah-yeah  
And I wouldn't change nothing, I won't wish ya could've rushed it  
Don't wanna change the way it is  
I'm in a better place, those hurtful days have gon' away  
And everybody sees, that you love me, and I'm complete  
I like the fit of love  
Up here with you is where I wanna be  
And I'm not coming down,  
I like how your love just fits on me  
Like it's gently wrapped around  
I'm covered from my head to my feet  
With everything it does, it stays on me because  
I like the fit of love  
All when you was new with me  
One night like I used to be like, "Still your not for me"  
Yeah...  
Don't know how to take me now  
Ain't easy break it down  
'Cause I'm wearing love on me, and it fits to deep  
I like the fit of love  
Up here with you is where I wanna be  
And I'm not coming down,  
I like how your love just fits on me  
Like it's gently wrapped around  
I'm covered from my head to my feet  
With everything it does, it stays on me because  
I like the fit of love  
Up here with you is where I wanna be  
And I'm not coming down,  
I like how your love just fits on me  
Like it's gently wrapped around  
I'm covered from my head to my feet  
With everything it does, it stays on me because  
I like the fit of love
