

Ciara ft. T.I., Goodbye my dear

I'M SO DONE...

I'M THROUGH...

IT'S YOUR FAULT...

IT'S YOU...

CHORUS [T.I. and Ciara]

You can never ever say I aint gave my love,
You can never say I don't care,
Since the beginning I've been here, I aint changed my love,
Regardless of what you may feel,
Us breaking up today would be a shame my love,
Dont think its such a good idea,
But you dont show me that you appreciate my love,
I had to say goodbye my dear.

My dear my dear...Say goodbye my dear...

Verse 1 [Ciara]

Im packin up boy I got to leave,
Gave you my heart & my soul, I gave everything,
Spent so much time in the streets,
You lied, you creeped,
And I stayed here with you.

OOH...

Dont wanna do this to my family,
They wanna see us together, living happily,
But you are so unfair, you showed no care,
And thats why I am through...

All the pain, (all the pain)

All these years, (all these years)

I hate to walk away,
But I got to say goodbye my dear,
I'm so done with you boy.

CHORUS

You can never ever say I aint gave my love,
You can never say I don't care,
Since the beginning I've been here, I aint changed my love,
Regardless of what you may feel,
Us breaking up today would be a shame my love,
Dont think its such a good idea,
But you dont show me that you appreciate my love,
I had to say goodbye my dear.

My dear my dear...Say goodbye my dear...
