

Cinder, Soul Creation

I can't bite the hand that's gonna feed me
You'd like to see me try
This appetite of mine
And lie
And lie
I lost sight of things you wanna show me
Your fingers scratched my eyes
This time I'm going blind
And lie
And lie!
You want it!
You need it!
You love it!
You hate it!
Soul creation
You see it!
You feel it!
You touch it!
Believe it!
Right!
Right!
Right!
Right!
You want it!
You need it!
You love it!
You hate it!
Soul creation
You see it!
You feel it!
You touch it!
Believe it!
I'm your salvation
Right!
Right!
Right!
I can't taste the poison that I'm drinking
You're death is in disguise
I chose to say goodbye
And lie
And lie!
You want it!
You need it!
You love it!
You hate it!
Soul creation
You see it!
You feel it!
You touch it!
Believe it!
Right!
Right!
Right!
Right!
You want it!
You need it!
You love it!
You hate it!
Soul creation
You see it!
You feel it!
You touch it!
Believe it!
I'm your salvation

Not enough to break
Not enough to break
Not enough to break
Not enough to break
Not enough, fuckin' break this!
Just listen
You want it!
You need it!
You love it!
You hate it!
Soul creation
You see it!
You feel it!
You touch it!
Believe it!
Right!
Right!
Right!
Right!
You want it!
You need it!
You love it!
You hate it!
Soul creation
You see it!
You feel it!
You touch it!
Believe it!
I'm your salvation
Your salvation
You want it!
You need it!
Soul creation (right! right! right! right!)
You want it!
