

# Cinderella, Gypsy Road

I used to be now I'm not what you see, Lord I try  
And now it seems all those dreams have come true, but they're passing me by  
Some fast talkin' mama for a dollar put a smile on my face  
I'm drivin' all night  
I end up in the same old place

My gypsy road can't take me home  
I drive all night just to see the light  
My gypsy road can't take me home  
I keep on pushin' cause it feels alright

And who's to care if I grow my hair to the sky  
I'll take a wish and a prayer cross my fingers cause I always get by  
Some fast talkin' jerk for a dollar wiped the smile off my face  
I'm drivin' all night  
Just to keep the rat in the race

My gypsy road can't take me home  
I drive all night just to see the light  
My gypsy road can't take me home  
I keep on pushin' cause it feels alright

Sometimes I feel so old  
Got my lights burnin' bright  
But I'm lookin' pretty sold  
Sometimes I feel so cold  
So cold  
Let's go

Got to get on home  
My gypsy road can't take me home  
My gypsy road can't take me home, t-t-take me

My gypsy road can't take me home  
I drive all night just to see the light  
My gypsy road can't take me home  
I keep on pushin' cause it feels alright

My gypsy road can't take me home  
I drive all night just to see the light  
My gypsy road can't take me home  
I keep on p-p-pushin'  
My gypsy road  
My gypsy road  
My gypsy road  
My gypsy road  
My gypsy road
