

Cinderella, Once Around The Ride

See me, feel me, come and touch me
The way I touch you
In the crossfire, live wire
Who said maybe
I said maybe won't do

The sands of time are slipping by
Dust to dust, no second try

You're only goin'
Once around the ride, yea
You're only goin'
Once around the ride

Rock hard, got an ace card
I ain't crazy
Just got nothin' to do
Day breaks, I'll take
Can't wait forever
Cause my life will be through

The sands of time are slipping by
Dust to dust, no second try

You're only goin'
Once around the ride, yea
You're only goin'
Once around the ride

Dust to dust, no second try
You're only goin'
Once around the ride
Once around the ride
Once around the ride
Once around the ride
Once around the ride
Once around the ride
Once around the ride
