

# Cinema Bizarre, Lovesongs(they kill me)

Lovesongs they kill me,they kill me,now

The curtain's closed

No way home

The nectar of life run dry

These tainted words

Made to hurt

Cut in me with it's knife

Eating my mind

And with each bite

I'm begging"Please,Lord no"

This place is a mess

The one has gone

Lovesongs they kill me

They kill me now

Lovesongs are killing me

Are killing me right now

Trained to attack

Bull eye shot in black

I never thought they'd get me

These picture in my head

Lying in my bed

These whipsmake me bleed

This place is a mess

My one has gone

Lovesongs they kill me

They kill me now

Lovesongs are killing me

Are killing me right now

Lovesongs are killing me

Are killing me right now

I can't hear the sceneries

Of constant tragedies

Of what I meant to feel no more

Cause I'm already dead

And I just cannot bear

To hear another word no more

Lovesongs they kill me

They kill me now

Lovesongs are killing me

Are killing me right now

Lovesongs they killme

They kill me right now

Lovesongs are killing me

Are killing me right now

Lovesongs they kill me
