

# Cinema Bizarre, Sad day for happiness

I'll meet you on the other side  
in the apple of my eye  
Let us paint a scenery  
in a colour we can see  
Switch the news off, go to sleep  
fight the tears and misery  
I've exchanged my childhood dreams  
for a bunch of make-believes  
Touch the button  
you should sit and listen  
Watching as a tear  
rains into a broken heart  
It's a sad day for happiness  
in this crazy world  
It's a crazy world  
so all we can do is be  
a little crazy to save today
