

Cinematic Sunrise, Ethan's Song

[From the movie "Slackers"]

[Originally by Jason Schwartzman]

I love you,

But I hate you.

Which brings to mind

How much I love you.

We could've worked this out, ya know.

In a little room,

In a little, locked room.

I'm sorry you had to settle for Dave,

The one dimensional man.

He's filed under a "sucker" in my little black book.

Sweetness can rot your teeth.

Bittersweet can cover me,

But you hold the key,

You hold the key

To my little locked room.

You hold the key,

You hold the key

To my little locked love.

Please let me out soon.
