

# Cinerama, Mr. Kiss Kiss Bang Bang

I'll come back somehow  
Because I love it when the sky is stormy  
But I've got to leave right now  
Before she comes round here looking for me

(Her: What are you scared of now?)

OK, I'll show you what she'll do if she finds out that I've been underhand  
Kiss kiss bang bang

You don't need to call  
Because I know that you don't really love me  
Oh I don't mind at all  
You're just the female version of me

(Her: What are you scared of now?)

OK, I'll show you what she'll do if she finds out that I've been underhand  
Kiss kiss bang bang

OK, I'll show you what she'll do if she finds out that I've been underhand  
Kiss kiss bang bang
