

Cinerama, You Turn Me On

I saw you staring, I pretended not to care
You left your hirsute presence hanging in the air
I didn't want to fall in love but now I think you've changed my mind

Yeah, there was someone, but that was years ago
She was positively charming but I had to let her go
She needed to be adored and I didn't feel inclined

There's no way, since then that I've ever wanted anyone
To stay again, oh, but you just really turn me on

And I can't take my eyes off you tonight
And if you asked me to make love to you, I might
Because nobody's ever made me feel like this before

It's disconcerting, it's becoming quite surreal
There is no point in asking because I don't know how I feel
But I'm sure that this is something too good to ignore

There's no way, since then that I've ever wanted anyone
To stay again, but now suddenly those thoughts have gone

There's no way, since then that I've ever wanted anyone
To stay again, oh, but you just really turn me on

There's no way, since then that I've ever wanted anyone
To stay again, but now suddenly those thoughts have gone
