

# Circa Survive, Act Appalled

will you walk straight? were not like them  
to fool them in, make it seem like your in trouble  
make a sound, fake it enough.  
what made you so scared?  
maybe your mistaken for someone who cares

if you remember, remember  
ive been trying to get back to the center  
im sure its not like it was before

to make them drink, tell them that its only water  
no one leaves till we figure this out  
what made you so scared?  
maybe your mistaken for someone who cares

if you remember, remember  
ive been trying to get back to the center  
im sure its not like it was before

patience,  
both we and our words are over produced by influence  
by influence  
patience  
both we and our words are over produced by influence  
by influence  
by influence

im only asking if you remember, remember  
ive been trying to get back to the center  
and im sure its not like it was.
