

Circa Survive, Julian

who left the lights on julian?
make promises, broke them enough for being said.
who left the lights on julian?
they come, waking the whole house up.
you've been longing for....wake them up.
you've been longing for being too honest,
aiming without a cause.
who left the lights on julian?
make promises, broke them enough.
who left the lights on julian?
i'll be wrong waking the whole house up.
