

Circa Survive, Oh, Hello

hey
didn't I know you?
mystery man
strange as our new thoughts on evidence
all I want are windows
it wouldn't be the first time

didn't I
didn't I know you?

didn't I
didn't I know you?
didn't I know you?
and all along all we've been given's the ugliest tidings

all along we've been a mess
but quick dilation is the only chance we have left

and a strangers just someone that you've forgotten
how we knew if we've met before
adorn this dance
mystery man

didn't I
didn't I know you?

didn't I
didn't I know you?
didn't I know you?
and all along, all we've been given's the ugliest tidings

all along we've been a mess
but quick dilation is the only chance we have left
