

# Circle Jerks, I & I

Lowering standards in every school  
Home-wreckers, whores, back-stabbing fools  
Unconscious murdering tools  
You're not gonna make it  
You're not gonna make it

(Chorus:)

I, I & I  
I, I & I

Mom and dad, brother and sister  
Lost in a neighborhood of skid row drifters  
Cut-throats, con men, cokehead hipsters  
I'm not gonna take it  
I'm not gonna take it

(Chorus)

I'm dying in a damn beehive  
You make everything so beautiful  
Just to futile  
The world's a fring range  
45's a legal exchange  
Get ready baby  
Get ready baby

(Chorus)

In order to live  
You gotta be ready to die  
'Cause no one gets  
Out of this place alive
