

# Circle Of Grief, Fading Away

Many happy years have passed  
But somehow it all went totally wrong  
You have left my life  
My soul cries out, I'm left alone

And see...  
As the night devours all the light of day  
And see...  
How my life is slowly fading away

I'm drowning, I'm dying, I'm fading away  
I'm leaving this world, I am fading away  
I'm drowning, I'm dying, I'm fading away  
I'm leaving this world, I am fading away

I am drowning in sorrow  
Lost the will to live one more day  
Suffering in this world  
I wish my life was fading away

I promised you my love  
Till the very end of all times  
But you broke my heart  
Filled with grief I'm left here to die

I see...  
How the blood is running slowly down my arms  
I feel..  
How death is longing for my broken heart

I'm drowning, I'm dying, I'm fading away  
I'm leaving this world, I am fading away  
I'm drowning, I'm dying, I'm fading away  
I'm leaving this world, I am fading away

I'm drowning, I'm dying, I'm fading away  
I'm leaving this world, I am fading away  
I'm drowning, I'm dying, I'm fading away  
I'm leaving this world, I am fading away

I'm drowning, I'm dying, I'm bleeding, I'm fading,  
I'm leaving this world, now I'm fading away  
I'm drowning, I'm dying, I'm bleeding, I'm fading,  
I'm leaving this world, now I'm fading away

I'm drowning, I'm dying, I'm fading away  
I'm leaving this world, I am fading away  
I'm drowning, I'm dying, I'm fading away  
I'm leaving this world, I am fading away
