

Circleslide, Love Unfailing

Anybody else feel tired?
Everybody suffers under grey skies
When clouds surround my soul
And I feel so alone
Your spirit moves in my heart

I'm callin' out your name
I'm cryin' out for mercy
Love unfailing fall on me
I'm reaching for the light
Shinin' down from heaven
When my weakness covers me
Love unfailing fall on me
(Love of Jesus fall on me)

Anybody else feel scared?
Have you ever wondered who really cares?
When shadows hide the truth
My heart cries to You
Lord, lift me into your arms

Every Imperfection You cast it aside
Quiet my fear with grace so divine
I find my strength in You
