

Circulatory System, Yesterday's World

yesterday's world
seemed just so far away
from these days
yesterday's dreams
seem just alright
with me these days
can we go back in time?
can we bring these days?
yesterday feels
feels just so far away
from these days
yesterdays seems
seems just so far away
from these things
yesterday's dream
feels just so far away
from these things
here we go back in time
to bring these days
