

# Circus Maximus, Abyss

Can you feel my broken spirit?  
Seeing only visions of how it should have been  
Rendering what shaped my existence  
Wanting a change, but imprisoned by the past  
I am lost in my inner forest of conflict  
When this journey began, my life was chaotic  
Because of my hate held hostage by my own hand  
My feelings inflict me  
I see no way but in life  
Erase the pain that's eating me up inside

Venturing deeper and deeper into the abyss  
Hearing voices like someone I know  
Feeling harder to breath  
Then to be left behind, accepting the fate  
Of what I have become  
The only way my soul can breathe again  
Is letting the ones we love move on  
Let go!

The silent fight will have no winner  
Now I see my world  
Coming back to life  
My eyes are finally open again  
Now I see it all in a different light  
Standing on the outside  
While I'm looking in

I stand on the edge of the abyss and I am waiting to fall  
I see no way out in life  
When I look back there was no one there for me
