

CirKus, You're Such An Asshole

Your say your schedule
Is too cruel
You know it's so unreal
Why can you see never see
How bad this makes a woman feel
You represent the permanent fool
But now you're found out
May I present
You have the biggest mouth

You're such an asshole
You think' fantastic
I bet you drive a sports car
Probably got a small dick

Well I ain't a dumb ho
Made of plastic
I like my cars to go slow
While we're on the subject

You're so obsessed with what is best
& Things in magazines
Those who've been blessed with massive breasts
You know it's way too keen
While doing stuff up on your
Coffee table made of glass
You represent a world that's sinking fast

You're such an asshole
You think youre fantastic
I bet you drive a sports car
Probably got a small dick
Well I ain't a dumb ho
Made of plastic
I like my cars to go slow
While we're on the subject

When your water's crystal clear &
You let your anchor down
There's your problem
You're so shallow that you can't
Drown yourself

You're such an asshole (accept)
You think you're fantastic (know you ain't)
I bet you drive a sports car (won't go in it)
Probably got a small dick (I'll bet)
Well I ain't a dumb ho (handle it)
Made of plastic (stacked deck)
I like my cars to go slow (slackness)
While we're on the subject (lost it)
