

# Cirque du Soleil, Let Love Live

A dangerous thing is  
hope when you have nothing else  
a simple laugh  
that was the past  
Growing up too fast  
I wanted freedom for the rest  
I want to change "not" answers to  
questions like "Why can't they get what they need?"

Please let them live  
Let them be  
Let them take what they must need  
Give them love  
Give romance  
Give the child its fair chance  
Let love live  
Let love be  
Let a human heart go free  
Give courage  
Give romance  
Teach them all how they can dance

A dangerous thing is  
hope when you have nothing else  
open so wide  
fragile inside  
Innocent hands  
Reach for warmth and a place to hide  
The change will come  
when we collide  
when we collide  
Please!  
Let them live  
Let them be  
Let them take what they must need  
Give them love  
Give romance  
Give the child its fair chance  
Let love live  
Let love be  
Let a human heart go free  
Give courage  
Give romance  
Teach them all how they can dance

Let them live  
Let them be  
Let them take what they must need  
Give them love  
Give romance  
Give the child its fair chance  
Let love live  
Let love be  
Let a human heart go free  
Give courage

Teach them all how they can dance

How they can dance  
How they can dance
