

Cirque du Soleil, Rain One

Falling... (Me caigo)
Fall of an angel...
You can see the fall...
When you're feeling high...
(Yo estoy dentro de las sombras)
When you kiss the earth
Angel of your mind I'm blowing

Dentro de tus suegos mas profundos
Yo te oigo me llamas
Tus miedos profundos
Me ves cayendo
Me caigo (Falling)
Vivo dentro de tu spiritu
(Fall of an angel)
La tiendo dentro de tu corazon

You can see the fall... Angel...
In your deepest dreams

Sufriendo, fluyendo dentro de ti
(Fall of an angel)
Besando la tierra
Asciende te, levantando te
Fluyendo dentro de ti
Atraves de ti
Cuando te lavantas
Cuando esta triste
Cuando lloras con la lluvia

As oceans collide
From the moon grows the sun
Arrest my breath
With no name and no one

Silence of the sound
And the color of the night
The sounds from the thoughts
And the thoughts from light

Fluid and sinking
I melt into the light
There's nothing but space
And and my soul can take flight

Silence of the sound
And the colors of the night
The sounds from the thoughts
And the thoughts from light

Fall of an angel...
Falling...
