

Cirque du Soleil, Reach For Me Now

Reach for me now,
I'm here alone for you.
All that i want,
is your warm hand in mine.
Whisper your name,
please let me hear your voice.
Don't drift away,
come hold me in your arms.
I'm yours forever,
your all I'm searching for.
Don't let the storm take you away far from shore.
Cry out my name,
I want to hear your voice.
All that I need is your gentle hand in mine.

Reach for me now,
your all I'm longing for.
Don't let the storm take us far away from shore.
All that I want is your warm hand in mine,
Don't drift away.
Come and hold me in your arms
