

# CITI ZĒNI, Eat Your Salad (Łotwa - Eurowizja 2012)

Instead of meat I eat veggies and pussy  
I like them both fresh, like them both juicy  
I ride my bicycle to work instead of a car  
All of my groceries are divided by weight and stored in glass jars  
Got my reusable bag, that's swag  
My flex, my flag  
Zero waste, that is my jam  
Save fuel and sell your truck  
The karma comes for free and so does luck  
All aboard - the green Titanic  
Let's sail the world and then cruise the Atlantic  
No ice in the way, no need to panic  
All the signs are there, let's go organic  
Oh, when you eat your veggies  
Baby, think of me  
Little kitty, don't you know that  
Being green is cool  
Know that being green is hot  
It's hot  
Being green is cool  
It's cool  
Eat your salad, save the planet,  
Being green is sexy as fuck  
Being green is hot  
It's hot  
Being green is cool  
It's cool  
Eat your salad, save the planet  
Being green is sexy as you  
Ring, ring, God damn, it's an exam, let's go  
Get your trash can, no backup plan and sort through it  
Bend over, then jiggle that peach  
You're recycling while I'm loving those cheeks. That's sweet  
I'm a beast instead of a killer, forget the hot dogs. What  
Because my sausage is bigger  
Three, two, one - all the girls go eco  
If you want your man's tongue longer than a gecko's  
Oh, when you eat your veggies  
Baby, think of me  
Little kitty, don't you know that  
Being green is cool  
Know that being green is hot  
It's hot  
Being green is cool  
It's cool  
Eat your salad, save the planet  
Being green is sexy as fuck  
Being green is hot  
It's hot  
Being green is cool  
It's cool  
Eat your salad, save the planet  
Being green is sexy as you  
Know that being green is hot  
It's hot  
Being green is cool  
It's cool  
Eat your salad, save the planet  
Being green is sexy as fuck  
Being green is hot
