Relations (Apollo had to break 'em)  
Creation (It's a gift, it's a blessing)  
Incarceration (What keeps you down)  
Determination (What gets you out)  
Equation (When they said you couldn't make it)  
Humiliation (What you feel when they say it)  
Reincarnation (Say N-A-V)  
Situation (Why we've got to sing)  
Elation (So many in need)  
Identification (Gives you the right to shoot)  
Retaliation (What would it do)  
Education (Gives you the right to do)  
Inspiration (What pulls you through)  
No substitution (Try to substitute)  
Non-inclusion (Just got to bust through)  
Drug infusion (For the chosen few)  
Mass confusion (When they say that they died for you)  
Delusion (Say that the dreams don't come true)  
Solution (Taking a hold of you)  
Conclusion  
Inspiration (Is what pulls you through)

Let the drummer kick (Inspiration)  
Let the drummer kid die (Inspiration)
