

Citizen Queen, Whatchu Want

Drip so clean
Walk so mean
Ooh can't nobody do it better than me
(x2)

Drip so clean
Walk so mean
Ooh can't nobody do it better than me
Big energy
Distance please
When you pull up better tread lightly
I haven't let my hair down in so long
Was real deep in my bag now here you come along

Sunday in my best dressed
Hair pressed lookin' like a 10
Every time I'm steppin' with my crew
How you tryna pull up on me
Actin' like you know me
You don't know what I might do

I said whatchu want whatchu want
From me
(Whatchu on, pull up if you want)
This ain't whatchu want whatchu want
I promise
(Uh uh, this ain't whatchu want)
I be mindin' my own and I keep it sweet
But I got a side you don't wanna meet
This ain't whatchu want whatchu want
I promise

These melodies I'm livin' on
I get my own, ain't gotta ask for it
Centerpiece, so Mona Lisa
You can look, you just can't touch it
Shit ain't new yeah I been here before
Turnin' heads when I step out the door
This Vivienne got a girl feelin' bold
Your hero's hittin' my phone

Sunday in my best dressed
Hair pressed lookin' like a 10
Every time I'm steppin' with my crew
How you tryna pull up on me
Actin' like you know me
You don't know what I might do

I said whatchu want whatchu want
From me
(Whatchu on, pull up if you want / Tell me whatchu want from me)
This ain't whatchu want whatchu want
I promise
(Uh uh, this ain't whatchu want)
I be mindin' my own and I keep it sweet
But I got a side you don't wanna meet
This ain't whatchu want whatchu want
I promise

I don't do in between
Be about it if you on my team
Come correct or go
Can't be unintentional

Don't know what you take this for
Seen a piece there's so much more
You're burnin' up, you're in heat
Didn't even get a taste of me

I said whatchu want
Whatchu want from me
(Whatchu on, pull up if you want)
This ain't whatchu want
Whatchu want I promise
(Uh uh, this ain't whatchu want)
I be mindin' my own and I keep it sweet
But I got a side you don't wanna meet
This ain't whatchu want whatchu want
I promise

Oh I promise baby
Drip so clean
Walk so mean
Ooh can't nobody do it better than me
