

# City And Colour, Serravalle

So, now you're not there  
But your ghost still burns in the air  
Finally above us the waves have come  
To take you away

And with this song, I'll say goodbye  
And thank you for what you've done to my life  
And Finally I'll say it with love  
I hope you're at rest in the stars above

And I don't understand what you died for  
We still could have given so much more  
And I know you are something I could never be  
But I know you're still there watching over me
