

# City High, Song For You

How many people out there like Donny Hathaway?  
Let me see your hands up  
Know what I'm sayin'  
City High's about to reminisce  
Drop the beat y'all

I've been so many places in my life and time  
I've sung a lot of songs  
I made some bad rhymes  
Acted all my life in stages  
10,000 people watching  
we're alone now  
and I'm singin' this song to you  
I know your image of me  
Is what I hope to be  
I treated you unkindly  
Darling can't you see  
There's no one more important to me  
Baby you see through me  
We're alone now  
And was singing this song for you

You taught me precious secrets  
Of a true love with holding nothing  
Came out in front while I was hiding  
But now I'm so much better  
If my words don't seem to come together  
Listen to the melody  
Cause my love was in there hiding yeah

City High to the bridge now  
Aaaaaah  
I love you in a place  
Where there's no space or time  
I love you for my life  
You're a friend of mine  
And when my life is over  
Remember when we were together  
Cause we were alone  
And I was singing this song to you  
We were alone
