

# City To City, The Road Ahead

The road ahead is empty  
It's paved, with miles of the unknown  
Whatever seems to be your destination  
Take life the way it comes, take life the way it is

Horizon in the distance  
So close, and yet so far away  
You shouldn't be surprised when on arrival  
The dream has flown away  
And fear is not here to stay

The road ahead never gives away the promise  
The road ahead is a highway or a dead-end stream  
A dead-end stream

Raindrops on your windscreen  
They fall from heaven or from hell  
You drive into the light or into darkness  
Incertainty as your guide

The road ahead never gives away the promise  
The road ahead is a highway or a dead-end stream  
The road ahead never answers any questions  
And nothing is sure all the way, not even tomorrow  
With miles of the unknown ahead of you

The road ahead is empty  
It's paved, with miles of the unknown  
Whatever seems to be your destination  
Take life the way it comes, take life the way it is
