

Civil Twilight, Human

There's one way out and one way in
Back to the beginning
There's one way back to home again
To where I feel forgiven

What is this I feel, why is it so real
What am I to say

It's only love, it's only pain
It's only fear, that run through my veins
It's all the things you can't explain
That make us human

I am just an image of, something so much greater
I am just a picture frame, I am not the painter

Where do I begin, can I shed this skin
What is this I feel within

It's only love, it's only pain
It's only fear that runs through my veins
It's all the things you can't explain
That make us human
