

# CJ Stone feat. Anna Turska & Sherlock, Believe Me

[Sherlock]

Now you know and that's how we're dealing  
I want your body you got your feelings  
I'm there girl, right in your head  
No room for others,  
.....sherlock, nuff said.

[Anna Turska]

Will you take me home tonight  
I don't wanna waste your time  
Will you let me in this time

'Cause I feel the love tonight...

Believe me

I can't get you out of my mind...  
Release me  
I can't get... you out of my mind...

[Sherlock]

Let me pour my drink so i can tell you wat i think about me,  
Being on your mind and us having is a real good time  
A body like that i need a taste  
From head to toe and all around that waist  
Let the tension slide i will let you in if you just let me ride

[Anna Turska]

Will you take me home tonight  
I don't wanna waste your time  
Will you let me in this time

'Cause I feel the love tonight...

Believe me

I can't get you out of my mind...  
Release me  
I can't get... you out of my mind...

[Sherlock]

Take a zip a this drippin' on your lips  
Gettin crazy hot now all the way i wanna reach your spot  
I wanna lose it not lose you, i wanna do it

Kiss me now!

Move me now!

Believe me

I can't get you out of my mind...  
Release me  
I can't get... you out of my mind...
