

# Clan Of Xymox, A Day (Remix)

It makes no sense at all (where are you?)  
It makes no sense at all (so far away)  
In just one day (in just one day)  
In just one day (in just one day)  
In just one day (it makes no sense at all)  
In just one day (it makes no sense at all)  
In just one day (in just one day)  
In just one day (in just one day)

Where are you  
When I am needing you?  
So far away  
So far away  
I think you are the most important  
To me, to me  
To me, to me  
My sunken footsteps put theirselves on  
Through this gallery of deceased  
I think their lives must be deceived  
Like the sham nowadays

Where are you?  
So far away  
It makes no sense  
It makes no sense at all

It makes no sense at all (where are you?)  
It makes no sense at all (so far away)  
In just one day (in just one day)  
In just one day (in just one day)  
It makes no sense at all (in just one day)  
It makes no sense at all (in just one day)  
In just one day (in just one day)  
In just one day (in just one day)  
In just one day  
In just one day  
In just one day  
In just one day
