

Clan Of Xymox, Waterfront

Leave me alone, get out, out of my face
Leave me alone, get out, out of this place
Stop haunting me! Stop haunting me!
Stay in the shade, keep out of my way
What do you want of me? How low can you be?
Stop haunting me! Stop haunting me!

Just go anywhere the wind blows
Just go anywhere at all
Leave me at the waterfront

Your mouth big as the moon
You're like a hole for two
You know what I mean when I say
Strange beasts live in you
Stop haunting me! Stop haunting me!

Just go anywhere the wind blows
Just go anywhere at all
Leave me at the waterfront

There's so much dirt you spread
How low can you get, I am so sick of you
You keep coming back
Stop haunting me! Stop haunting me!
On the waterfront, on the waterfront
On the waterfront, on the waterfront
