

# Clan Of Xymox, Waterfront

Leave me alone, get out, out of my face  
Leave me alone, get out, out of this place  
Stop haunting me! Stop haunting me!  
Stay in the shade, keep out of my way  
What do you want of me? How low can you be?  
Stop haunting me! Stop haunting me!

Just go anywhere the wind blows  
Just go anywhere at all  
Leave me at the waterfront

Your mouth big as the moon  
You're like a hole for two  
You know what I mean when I say  
Strange beasts live in you  
Stop haunting me! Stop haunting me!

Just go anywhere the wind blows  
Just go anywhere at all  
Leave me at the waterfront

There's so much dirt you spread  
How low can you get, I am so sick of you  
You keep coming back  
Stop haunting me! Stop haunting me!  
On the waterfront, on the waterfront  
On the waterfront, on the waterfront
