

Clannad, Indoor

There's a rumor spreading all around
We're on the way
To a change of setting, homeward bound
Autumn day

(chorus)
'Cause indoor we will light the fire
Light the fires of hope
Lost between the mountain and the sun
Caught the high emotion by the setting sun

So let's leave early, don't be late
Don't delay
Though we expect you here at eight
Come what may

Chorus

Lost between the mountain and the sun
Caught the high emotion by the setting sun

With song and dance we greet the dawn
Another day
The parting mass will soon be gone
We're on our way

Chorus

Lost between the mountain and the sun
Caught the high emotion by the setting sun
