

Clannad, Skelling

A blind bargain can't you see
In a cloud of secrecy
Voices whispering for they might get heard
Play with fire
by insane
It's a danger game
cast aside
A guiding star leads the way
Sirius
sirius
Our Ocean's a red sea
But you won't change your ways
Or move close as the gaint stares on
The money and the power unite
Cast aside
A guiding star lights the way
The brightness in this sky
Light years we've tried
As our childrens echoes become lonely cries
The money and the power divide us
Cast aside
A guiding star lights the way
Sirius
And we'll see who cares
For those that dare
The time will tell
